

TRIPLE-R

750 ELITE

Utilising the very latest and most sophisticated component technology, the Triple-R 750 Elite delivers exceptional performance for such a small unit – 1 lux at 470m from a product weighing just 720 grams. Lazer's patent-pending *Charged Air Cooling* system delivers additional light on the road when the vehicle is in motion and combine with *Boost optics* to maximise light output for the driver. E-mark approval ensures this product always exceeds expectations whether off-road, at the track, or on public roads.
