## DOUBLE CAB GULLWING

- Double Cab Gullwing commercial hardtop - for maximum access to the load area
- Designed in the UK to meet the specifications and requirements of the commercial marketplace
- Thick gauge, heavy duty material and structure for long life durability
- Pro//Top signature built-in roof carrying system with moulded cross bars, cleats & tie hooks
- Large aperture top hinged gullwing side doors for easy access to load bed
- Side doors open high – avoids inadvertent knocks to the head whilst working to the side of the canopy
- Solid or glazed rear door options:
  - Solid high security GRP door keeps cargo away from prying eyes. Combines with solid bulkhead
  - Glazed for increased rear visibility whilst driving. Combines with a glazed bulkhead window
- Standard finish is colour matched to splash white matches the white D-Max vehicle
- Jet washable interior in high luminosity light and bright finish for maximum visibility of cargo in the load area
- LED battery operated interior lamp included as standard
- Hi-level brake light fitted as standard
- All lights and glass are E-marked for European use
- Twin latching catches on each door. Quality locks
- Matching keys to all three locks
- Stainless hinges, latches and strikers
- Quick and easy to install with a 6 piece clamp system
- TUV European quality accreditation & 3-year warranty
